

This is a list of my available compositions and arrangements. I will occasionally post updated lists as more songs become available. Most of my music is geared toward elementary, middle school, or junior high choirs, with consideration given to appropriate voicing, range, and difficulty level. PDF and midi files for preview are available [here](#). If you are interested in purchasing copies, please contact me with a title and quantity @ anthonyglick@gmail.com. I prefer payment via [PayPal](#)*, but I also accept checks. Discounted pricing is available for large quantities of copies.

**If you are paying with PayPal, please use the "pay friends & family" option and pay either directly from your PayPal wallet or from your bank account. Payments made from credit or debit cards incur extra fees on my end.*
