Medical Mission Sisters and Associates are committed to promote healing and wholeness through all manner of healing ministries and in a variety of ways. We are nurses, physicians, teachers, midwives, lawyers, counselors, liturgists, community organizers, herbalists and practitioners of holistic health. Our professional and personal ministries witness to the healing presence of a compassionate God.

“As MMS and Associates we stay engaged in the brokenness of our world, with profound listening to the Spirit within us, within those whom we are called to serve and within the whole of creation. We commit ourselves to focus on the potential for life in everyone and everything.” -- Sister Maria Hornung
